SOFEMA AVIATION ACADEMY

Enroll Now Pay Later (ENPL)

Access Aviation Training Today - Invoice at Month End

Aviation training compliance doesn't wait for budget approvals. Neither should your team.

The Enrol Now Pay Later (ENPL) programme removes the most common barrier to timely regulatory training: the requirement to pay before a course begins.

Enrol your team instantly, receive a single consolidated invoice at the end of each month, and settle within 30 days - all while accessing Sofema Aviation Academy's full catalogue of 525+ EASA and FAA compliant courses.

Obtaining a PTP is a necessary prerequisite for being an ENPL.

How ENPL Works

Step 1 - Enrol

To enrol team members, simply email us with the course names, delegate names, and email addresses - the team handles the rest and access is granted promptly, without pre-payment.

Step 2 - Train

Delegates gain instant access. There is no waiting for payment clearance. Training begins on day one.

Step 3 - Invoice

At the end of each calendar month, Sofema issues a single consolidated invoice covering all enrolments for that period, with 30-day payment terms.

** ENPL pricing and discount terms apply as per the current PTP agreement.*

Key Benefits at a Glance

Immediate Access

Training starts the moment you enrol - no payment clearance required.

Simplified Admin

All monthly enrolments consolidated into a single invoice with 30-day terms.

Built-In Discounts

Minimum 15% off single courses, 10% off packages & diplomas - automatically.

Dedicated Support

A Company Account Manager monitors your team's training status in real time. *Available on request

The ENPL Difference

Without ENPL	With ENPL
• Pay upfront before training begins	• Enrol immediately - invoice comes later
• Multiple invoices per course, per person	• One consolidated monthly invoice
• Budget approval delays training	• Training starts on day one, no waiting
• Manual tracking of individual payments	• Central admin access & monthly status reports
• Standard single-course pricing	• Minimum 15% discount on single courses (10% on packages)
• Pressure to settle quickly	• 30-day payment terms on monthly invoices

Who Is ENPL For? ENPL is particularly well-suited for:

- Airlines rapidly onboarding large workforces who need Part-145 and SMS training without spike costs or advance outlay
- MROs and Part-145 organisations needing to keep technicians current without disrupting floor operations or waiting for finance approvals.
- CAMOs requiring continuous airworthiness training under EASA or FAA frameworks for distributed teams.
- Organisations with variable training demands - where a fixed subscription may be too rigid, but ad-hoc per-course pricing carries too little financial benefit.
- Training managers seeking to simplify invoice consolidation across multiple departments and job roles.

ENPL vs Corporate Freedom Pass (CFP): ENPL gives you flexibility and consolidated billing on the courses you choose, when you choose them - ideal for teams with fluctuating or targeted training needs. The CFP offers unlimited access for a fixed annual subscription. Both programmes are compatible: organisations may start with ENPL and scale into the CFP as training volume grows.

Start Training Today. Pay at Month End.

Apply for Privileged Training Partner status and activate ENPL for your organisation.
